BEYOND Expo kicks off in Macao showcasing frontier technologies

Xinhua | Updated: 2023-05-11 09:27

MACAO -- The BEYOND Expo 2023 kicked off on Wednesday in China's Macao Special Administrative Region (SAR), showcasing frontier technologies while staging specialized forums and financing summits.

The three-day event focuses on sustainable development, life science, and consumption technologies, with an exhibition area of almost 100,000 square meters, according to the Macao Technology General Association, the organizer of the expo.

Ho Iat Seng, chief executive of the Macao SAR, said at the opening ceremony that the expo will bring more opportunities to Macao's science and technology development by integrating more innovative resources and pooling together more innovative elements.

Macao hopes to contribute to building the Guangdong-Hong Kong-Macao Greater Bay Area into a global highland for science, technologies and innovations, as well as play Macao's unique role in jointly building the Belt and Road, Ho added.

Wan Gang, chairman of the China Association for Science and Technology, said in his speech that the expo builds an international platform for communication and cooperation between enterprises in China and elsewhere.

Attended the Beyond Expo in Macau. I went with a bunch of friends. Most impressive was the level of tech and their partners like Technode and their partners like Technode and their partners like Technode. Very friendly. 诚意满满. Hope that this will be a successful series of conferences in this part of the world.

A few clicks from our BEYOND Expo panel discussion headlined "Navigating the Evolving Landscape of Investment and M&A in Southeast Asia." I'd like to write about the investment landscape in Southeast Asia, but it is so fascinating to learn about emerging market opportunities, esp. the many more investors and entrepreneurs thinking about diversifying into expanding beyond China.

I am honoured to get the opportunity to sit down with seasoned tech leaders as **Stanley Chong**, **Alex Chatpaitoon**, and the **Techno Management Berhad**; and **Rama Mamuaya** from **DS/X Ventures**. So much for your candid sharing!

Special thanks to BEYOND Expo co-founders **Dr. Gang Lu** and **Jason Ho** as a tech expo of this scale happen in Macau. Really looking forward to the next one and many more BEYOND Expo.

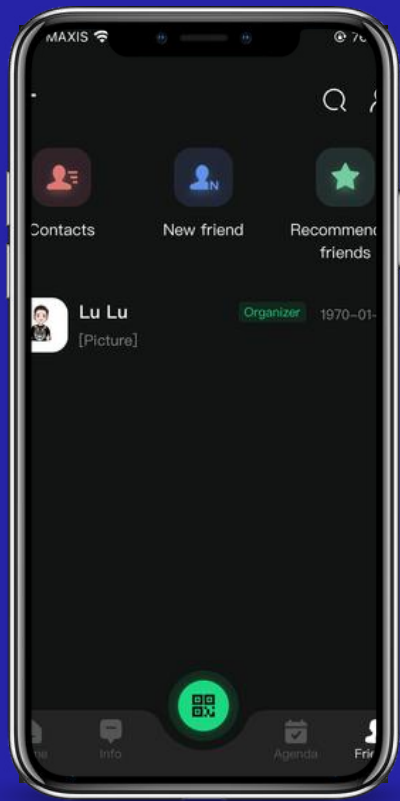

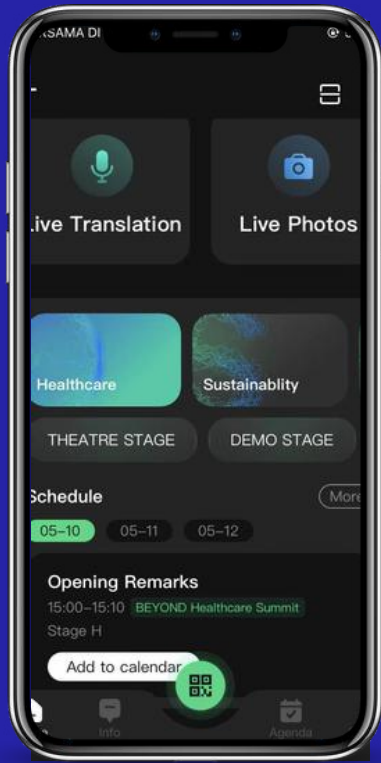

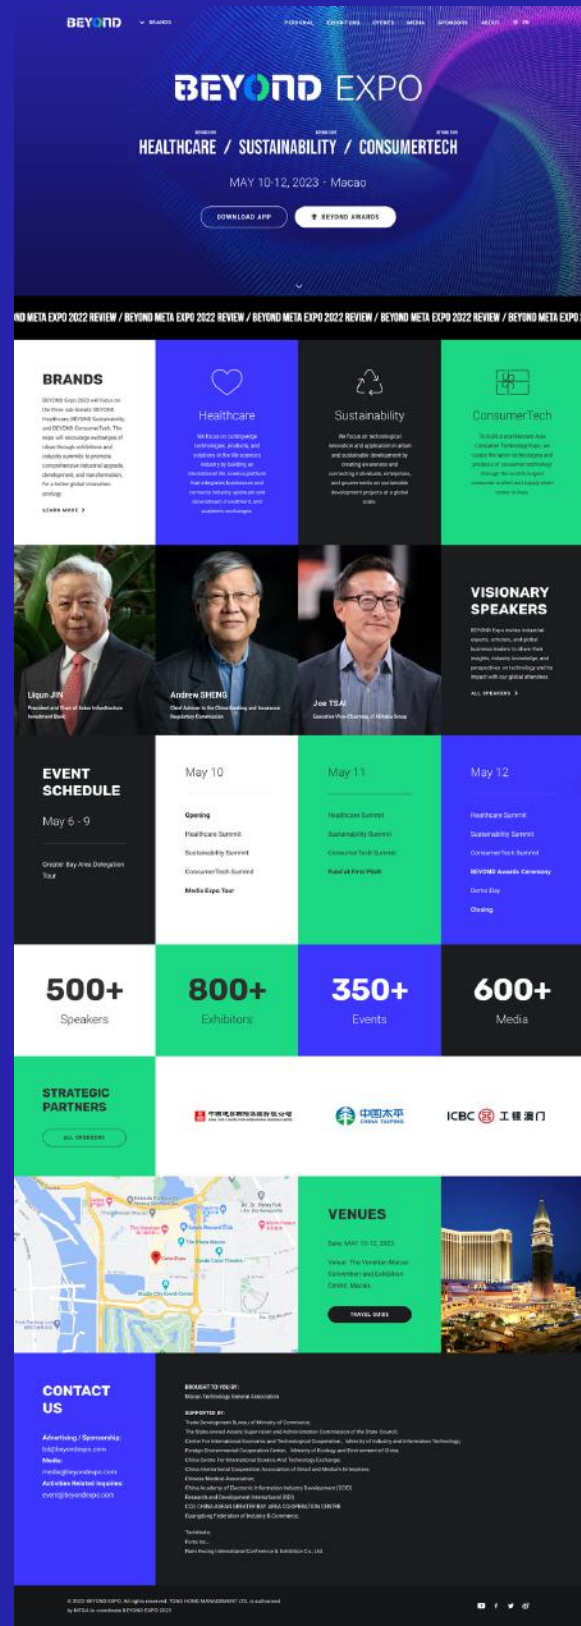

SOUTHEAST ASIA IN SPOTLIGHT
NAVIGATING THE EVOLVING LANDSCAPE OF INVESTMENT AND M&A IN SOUTHEAST ASIA

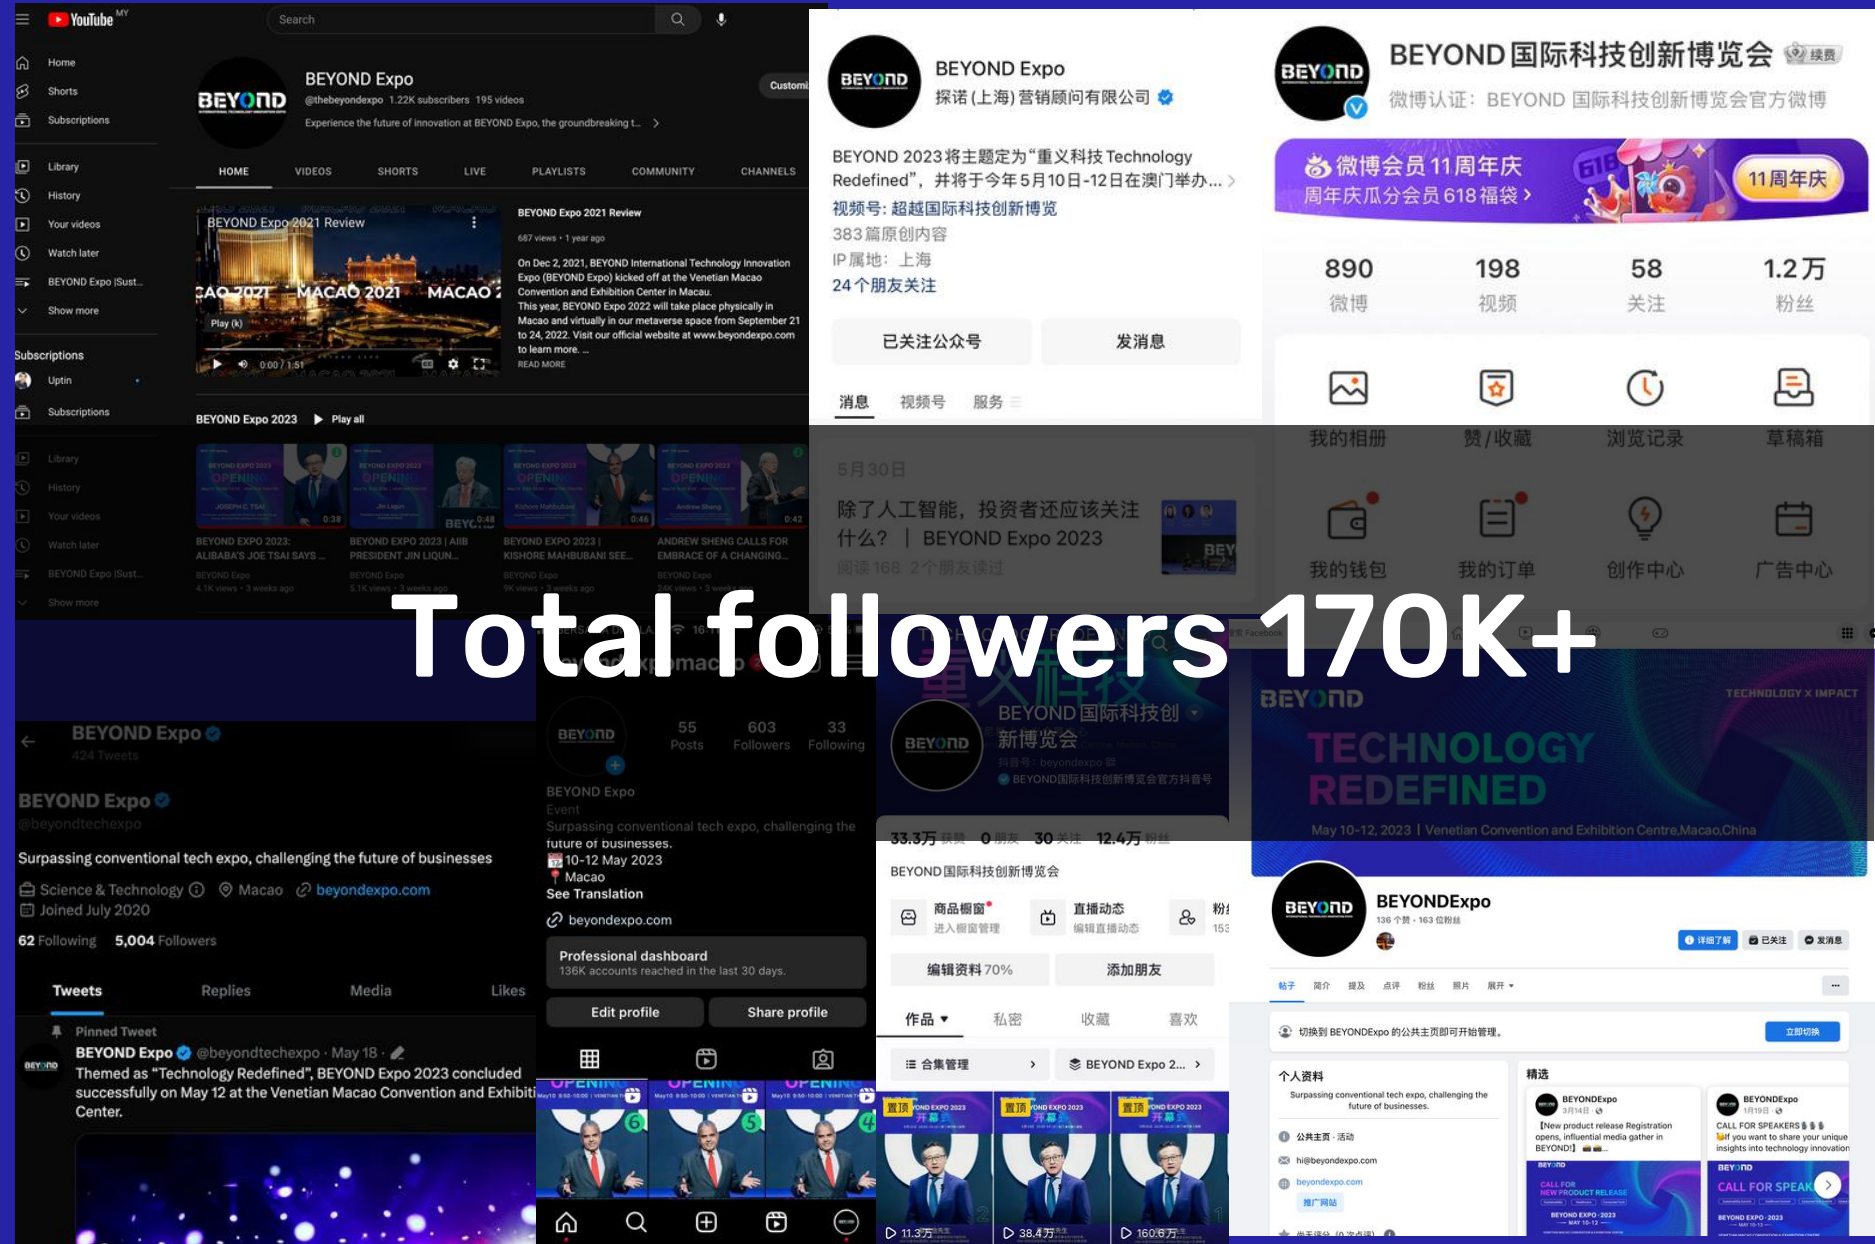

***"BEYOND Expo is really a platform to get together business startups, technology companies, and venture capital, industry insiders and authorities."** - CGTN

***"Held in may 2023, the expo provides a global stage for Asia's tech giants and startups to showcase their latest innovations here in their own backyard. Hundreds of exhibitors from across the tech sector travel here to Macao for this event. From mobility to health care, the beyond expo offers a glimpse into Asia's booming tech sector."** - CNN

***"BEYOND Expo 2023 was a major showcase for the latest innovations in technology and innovation. The event was a sign of the growing importance of Macao as a hub for innovation and technology in the Greater Bay Area."** - South China Morning Post

BEYOND Expo 2024 will be held at the Venetian Macao Convention and Exhibition Centre, which offers approximately 100,000 square meters in space, enough to host more than 1000 exhibitors. We are expecting more Fortune 500 corporates, unicorns and exciting startups to participate this year. Industry forums and networking sessions will be conducted concurrently as we look forward to connecting attendees from all walks of tech backgrounds with immersive interaction to boost the global tech scene in the APAC region.
