

# Healthcare HALL DE

**BEYOND**

Project Title : BEYOND EXPO HALL DE

Genomics and Personalized Medicine Biopharmaceuticals

Gene Editing and CRISPR Technology

Stem Cell Research & Regenerative Medicine

Bioinformatics & Computational Biology

Synthetic Biology

Microbiome Research

Neurobiotechnology

Diagnostic Imaging

Molecular Diagnostics

Point-of-Care Testing (POCT)

Liquid Biopsies

Next-Generation Sequencing

In Vitro Diagnostics (IVD)

Digital Diagnostics and AI

Monoclonal Antibodies

Vaccines

Gene Therapies

Cell Therapies

Biological Drug Manufacturing

Immunotherapies

TCM (Traditional Chinese Medicine)

Medical Imaging

Surgical Instruments and Robotics

Telemedicine and Remote Monitoring

Wearable Devices

Point-of-Care Testing

Patient Monitoring Systems

Medical Robotics

Medical Simulation and Training

Nanotechnology in Medicine

Patient Data Management

Innovations in Prosthetics and Orthotics

Aesthetic and Cosmetic Medical Devices
