**WHAT VISIONARIES
SAY ABOUT US**

Neil SHEN

Founding & Managing Partner of HongShan Capital

When we look around and say, do we have such an opportunity in Asia that for the innovative companies and startups to showcase their products? There are really very limited opportunities. This is a great platform. I hope more people will be coming each year.

Dr. Kai-Fu LEE

Founder of 01.AI and Chairman of Sinovation Ventures

Our theme 'Empowering Asia, Bridging the World' reflects a powerful shift. Asia is no longer just a manufacturing base—it's now a global hub for innovation in AI, robotics, and smart manufacturing. It takes openness, exchange, and collaboration. That's why BEYOND matters. It brings together the best of Asia and the world to share ideas, build partnerships, and co-create the future.

DANIEL CSONTOS

Fintech Engagement Lead GCNA of
SC Ventures by Standard Chartered

"One of the best things about Beyond Expo? The people. Whether you're a founder, investor, or tech enthusiast, everyone is approachable. Old friends reunite, new friendships form, and the collaborative spirit is palpable. The mix of local and international talent makes it a true melting pot of ideas."

JAYNE CHAN

Head of Startups at InvestHK

"I really enjoyed BEYOND Expo held in Macau last week, which showcased some amazing hardware and AI innovations from Mainland China and beyond. Some of the best networking were (as usual), at the socials hosted alongside the main event, from gala dinner, pool party to breakfast showcases."

SARANG SHETH

Co-editor in chief of Yanko Design

"By uniting diverse cultures under one roof in Macau, it offers a fresh space where breakthrough ideas aren't just displayed, but truly celebrated, creating an experience that blends business with genuine connection."
