### Entry and exit process information:

Estimated date of entry of exhibition goods: May, 25~26, 2026  
Estimated date of exit of exhibition goods: May, 30~31, 2026

Exhibitor Region	Exhibit file submission final deadline	Warehouse Collection Final Deadline
Exhibition Hall	3 working days before exhibition opens	1-2 working days before shipment
Macau	7 working days before exhibition opens	
Hong Kong	7 working days before exhibition opens	3-4 working days before shipment
Mainland China	20-22 working days before exhibition opens	10-15 working days before shipment
**The final deadline for submitting exhibit documents is calculated based on general categories of goods, and no special operations are required.		
**Because domestic or Hong Kong exhibits arrive in Macau across the border, they need to be declared to the customs of the two places. If the exhibits belong to the regulated category of goods, they need to apply to the relevant government departments for import/export licenses or special documents. The application period may exceed 20-22 working days; exhibitors are recommended to provide information and documents in advance for evaluation or approval.

#### Remark:

- ✧ The above prices are calculated in MOP.
- ✧ The above quotation generally refers to the transportation operation, customs declaration, and tariff of general goods. If it is a dangerous, polluting, or fragile goods, the cost will be quoted separately.
- ✧ The above quotation does not include insurance for goods or customs duties for special goods. If a special application for an export or import license or a special license, cost will be quoted separately.
- ✧ If the goods are food, meat, seafood, medicine, health care products, alcohol, antiquities, mechanical and electrical products, etc., exhibitors need to provide relevant documents and license documents.
- ✧ If cargo need to be fumigated and disinfected during the quarantine process, the cost will need to be reimbursed.
- ✧ Due to the relatively standardized requirements of the customs department in mainland China for exhibiting goods, in order to avoid affecting customs clearance, exhibitors are required to submit all relevant documents and goods information at least 20 days in advance.
- ✧ For alcoholic goods with an alcohol concentration of more than 30%, it takes about 7 to 10 working days to apply for import documents in Macau.
- ✧ For food goods that need to be quarantined, it takes about 2 to 3 working days in Macao to apply for import documents and make an appointment for quarantine personnel.
- ✧ If the exhibitor notifies the arrangement after the deadline, it will coordinate with the actual delivery time and control the related costs to avoid increasing the logistics cost of the exhibitor; however, some necessary additional costs, such as the special overtime cost of personnel in customs /customs brokers, airport, pier, warehouse, etc., will be charged to exhibitors in the form of actual reimbursement.
- ✧ The above fees are based on consolidation and customs clearance services. If the exhibitor requests a dedicated vehicle shipment or if the nature of the goods requires special handling, a separate quotation will be provided.
- ✧ The above fees do not include domestic invoice taxes, insurance, temperature-controlled transportation, etc. If necessary, individual arrangements and quotations will be made according to their service requirements

Matters not mentioned in the above quotation shall be discussed further.
